Where We Were, Where We Are, Where We’re Headed
A Ministry Of Seed Planting

A seed! It is amazing the impact of just one seed! A seed was planted in the heart and mind of a 2nd Lieutenant who used shortwave radio to enable President Roosevelt to communicate halfway around the world between Washington, DC and the Yalta Conference. That 2nd Lieutenant, Maurice Hall, took that seed and spent time with Lowell Perry and the seed began to grow. As a result, station KNLS, in Anchor Point, Alaska in 1983 began our outreach to the world with English, Russian, and Chinese broadcasts. Seeds were sown in every known country of the world from KNLS.

Plans were made for new seeds to be sown in The Middle East, Africa, and Latin America. A massive undertaking began, to build a radio station somewhere in the Indian Ocean to plant those seeds. Arabic, Spanish, Portuguese, and English for Africa along with our English, Chinese, and Russian broadcasts are now sent out daily from Station MWV in Madagascar. Kevin and Nancy Chambers and President Charles Caudill orchestrated the work that came online March 26, 2016.

“We do shortwave, and we do it really, really well; but that is not all we do”

Websites, Facebook, Apps, Soundcloud, Podcasts, Streaming 24/7, and the recording of the reading of the entire Bible in Chinese have begun a new chapter for World Christian Broadcasting. A few of our donors went together to form a challenge match as we closed out 2021. This provided us new funds to begin thinking about North Korea. Why shortwave in North Korea?

• The Korean government can trace efforts to learn about Jesus using the internet or mobile devices.
• Shortwave radio cannot be traced. Shortwave could be their safest way to learn the gospel.

So where are we headed? For many, the outreach of World Christian Broadcasting is much larger than they ever dreamed. Yet for others, the dream has only begun. Although we do not have to build additional antennas, maximizing all that we can do with our 5 antennas is still to be realized. New languages? More social media outreach? It is exciting to think about the plans and goals that God has for us in the future. Jeremiah wrote for a particular people and a particular time in history. Although it was not said directly to us, it is meaningful for us today as the unchanging nature of God gives us a view of things for His followers in every age. He quotes the Lord: “For I know the plans I have for you, plans to prosper you and not to harm you, plans to give hope and a future.” Our audience?

In John’s Revelation recording in the New Testament, John saw “ a great multitude that no one could count, from every nation, tribe, people and language, standing before the throne and in front of the Lamb” (Revelations 7:9) Let’s follow His lead. The future? It is going to be one that God directs and leads. To God be the glory of any successful work that might occur.

Andy
WHO BELIEVES IN THE POWER OF PRAYER?

EMAIL US TO BE ADDED TO RECEIVE THIS DAILY PRAYER OR FOLLOW OUR FACEBOOK PAGE TO VIEW OUR DAILY PRAYERS.

Example of our daily prayers:

World Christian Broadcasting Prayer Page
February 2022
Prayer 3:20

“Now to him who is able to do immeasurably more than all we ask or imagine, according to his power that is at work within us”
(Ephesians 3:20)

SONG

“In the dark of the midnight I have oft hid my face, while the storm howls above me, and there’s no hiding place. Mid the crash of the thunder, precious Lord hear my cry. Keep me safe till the storm passes by. Till the storm passes over, till the thunder sounds no more, till the clouds roll forever from the sky. Hold me fast let me stand in the shadow of Thy hand. Keep me safe till the storm passes by.”

(1 Corinthians 10:13)

“Now to him who is able to do immeasurably more than all we ask or imagine, according to his power that is at work within us”
(Ephesians 3:20)

Prayer Focus For Today
Pray a prayer of thanksgiving that both antennas in Alaska weathered very high winds and the three antennas in Madagascar were not severely damaged by a cyclone over the weekend.

Pray a prayer of thanksgiving for the work done over the weekend by Amado, Thomas, Mahefa, Solofo, and the staff in Alaska and Madagascar.

Email: mainoffice@worldchristian.org
Facebook: www.facebook/worldchristianbroadcasting

Wind, Wind, And More Wind

On the weekend of January 23, we faced wind issues at both of our radio stations. In Madagascar, we faced another cyclone along with severe heavy rainfall for several days. The leaders of radio Station MWV, Mahefa and Solofo, and our staff there, did an outstanding job of checking on the three curtain antennas following the exit of the cyclone and got us back on the air after being down for one broadcast day.

We do have moose and an occasional black bear in Alaska, but our main issue at both sites is wind.

Thomas, Amado, and our Alaska staff did a great job dealing with wind issues at KNLS and worked really well with Mahefa and Solofo.

After learning about the situation facing us on Facebook and emails sent, many of you prayed all weekend. We thank you for your faithfulness to us praying about the weather facing both stations. Also pray a prayer of thanksgiving to our heavenly Father for the deliverance from great damage that could have been caused. We only lost one day of broadcasting at both stations. This serves as another example of God’s mighty hand blessing this ministry at a crucial time. To God be the glory.
The spring dinners are always filled with great fellowship, encouragement, and a deeper appreciation of the work of the mighty hand of God in this ministry. It brings together young and old, entire families, and a time to introduce WCB to new friends and also to the next generation of supporters. The dinner with Gracia Burnham was a classic! The presence of the past President of Madagascar, Mark Ravalomanana, at another dinner was one remembered by all of the World Christian Broadcasting family.  Andy

Because of a storm during a dinner, power was briefly lost. While they worked to restore it, Andy led us in “It is Well with My Soul” and “My Hope is Built on Nothing Less.” This was a beautiful moment of light as we were in the dark.  Kenda

The dinner is coming up! Great time to see friends! Amazing words from WCB people who bring us up to date on so many incredible places in the world that WCB signals are traveling! And besides all that, first-class food. April 7th can’t come soon enough! Gayle

Seeing friends you haven’t seen in years and sharing a common love of the work for World Christian Broadcasting ministry!  Phyllis

Our annual dinner is such an exciting event! It is such a thrill to see so many people come together to celebrate telling All the World about Jesus Christ!  Ben

I am amazed at the number of people I have invited to the dinner that were not aware of the power of shortwave radio or that it even still existed.  It is exciting when someone learns.  Kok Hai
LANGUAGES

Chinese
- New challenges with regulation being put in place by Chinese government starting March 1. “No religious doctrine allowed from outside of China through internet access.”
- Shortwave continues to be good source to reach those inside China.
- Link to Bible reading in China continues to be strong.

Arabic
- 16,000 followers on Facebook.
- Continue to receive reports of strong signals.
- Soundcloud has many listeners - #1 subject listened to is relationships, depression, and suicide.

Spanish
- Building existing app as a bilingual tool.
- Through power of shortwave, listeners are being led to social media/website producing increased traffic.
- Future plans to develop a podcast.

Portuguese
- 27 Correspondence courses clicked to know more of Jesus on website.
- 6488 Hits on Social Media/Facebook for year.
- Added YouTube channel with questions/answers.

English
- Receives daily letters from listeners.
- Programming baptism, repentance, series Encountering Jesus.
- Has a radio group in India listening daily.

Russian
- Programming series Book of Books.
- Total yearly visits to website 173,847.
- Christian books can be downloaded from website.

English for Africa
- Listening audience broadening, hearing from many more countries.
- Website with good traffic.
- Shortwave still best source for listeners in Africa.
Mission of World Christian Broadcasting:
“World Christian Broadcasting exists so that people in places best served by broadcast media become aware of the Good News of Jesus Christ and want to know more.”

FROM OUR LISTENERS:

Hello....hope you are having a good week and Happy New Year. This afternoon my dog Romeo and myself enjoyed very much your 60 minute transmission in English 9690 KHZ at 1000 to 1100 utc 05 January 2022 in my home in Western Australia. I have moved in the last 6 months and I was happy to hear you with a good reception SINPO 44444. SINPO signal was very good and reliable. Ian W.

We are blessed to receive many correspondence from our listeners letting us know they HEAR THE GOOD NEWS OF JESUS EVERY DAY! Thank you!

WE INVITE YOU TO INVITE US.....We love telling everyone about World Christian Broadcasting and this great ministry. God has blessed us in so many ways through individuals and churches for us to be able to continue to plant the seed of the Gospel all around the world in 7 languages. We would be honored to come to your Ladies classes or Children’s classes and talk to them about WCB ministry.

WE INVITE YOU....to come and see us if you would like an actual tour of our facility and see exactly how we operate and meet our AMAZING staff. We have been honored with serving and hosting several different types of groups from many churches. Our halls are filled with OUR STORY that you do not want to miss! Give us a call and schedule either us to come to you or you to come to us! See you soon.......
You are invited to
